

A Message from Hon Michael Wright MP

As Minister for Recreation and Sport, I extend my congratulations and best wishes to all participants of the 2009 South Australian Amputee Golf Open.

It is marvellous to see what began as a home grown initiative to enrich people's lives through participation in sport, grow into such a significant event. In only its second year, the SA Amputee Golf Open is attracting international interest.

The Government, through the Office for Recreation and Sport has provided funding for the South Australian Amputee Golf Association to host golf clinics for people with disabilities in both regional and metropolitan South Australia.

In addition to amputees, participants in these clinics include people with an acquired brain injury, people with a disability and patients from various rehabilitation hospitals throughout the State.

May all participants and organisers of this tournament enjoy being active, demonstrate a healthy spirit of competition and camaraderie and experience a well-deserved sense of achievement.
